This Paper Contains: 25 pages (including title page)
Time allowed: 2 hours 10 minutes

INSTRUCTIONS:
Questions 1 to 4 are code-writing questions worth 10 marks each.
They must be answered in the spaces provided on this paper.
Question 5 is worth 60 marks and contains 24 multiple-choice questions worth equal marks (2.5 marks each) to be answered in pencil on the computer-readable answer sheet provided.
Read the entire paper first and plan your time. In general, you can get full marks on a code-writing question more easily than getting five multiple-choice questions correct, so you may wish to consider attempting the code-writing questions first.
Minor syntactic errors will not be penalised in the code-writing questions.

PLEASE NOTE

Examination candidates may only bring authorised materials into the examination room. If a supervisor finds, during the examination, that you have unauthorised material, in whatever form, in the vicinity of your desk or on your person, whether in the examination room or the toilets or en route to/from the toilets, the matter will be reported to the head of school and disciplinary action will normally be taken against you. This action may result in your being deprived of any credit for this examination or even, in some cases, for the whole unit. This will apply regardless of whether the material has been used at the time it is found.

Therefore, any candidate who has brought any unauthorised material whatsoever into the examination room should declare it to the supervisor immediately. Candidates who are uncertain whether any material is authorised should ask the supervisor for clarification.
