CSSE Project Seminar Assessment

Student: _____

Since it is typically impossible to separate the two, final project seminars are marked on both presentation and content. Individual examiners may weigh the following points differently.

	Poor									Good
	1	2	3	4	5	6	7	8	9	10
Introduction and motivation (purpose of the project well explained)										
Explanation (clear explanation of key concepts)										
Quality of the technical content (scholarly and theoretical content)										
Results and conclusions (good summary, justifiable conclusions)										
Organisation of material (logical progression of ideas)										
Achievement (project objectives met)										
Auditory and visual presentation (relaxed, fluent, volume, enthusiasm)										
Presentation manner (quality of slides, demonstration)										
Handling of questions (well answered, competent)										
Timing (length of seminar, rushed)
